EXTENSIONS	EXTENSIONS MUST BE PURCHASED FOR ALL USERS	PRICE PER USER
Multi Company Extension	Enables you to add multiple 'own organisations'. Own organisations are typically used to support different VAT schemes, important if you invoice in multiple regions.	\$78 per annum \$6.50 per month
Multi Currency Extension	Enables you to create transaction documents (e.g. quotations and orders) in multiple currencies and automatically convert the amount into your 'home' currency for reporting.	\$78 per annum \$6.50 per month
Advanced Security Extension	This enables you to change the sharing policy so you can restrict access to specific records. This is most commonly used if you want to allow some users to see some records but not all. For example, the UK sales team can see UK Opportunities, but not US Opportunities.	\$78 per annum \$6.50 per month
Multi Language Extension	This enables your users to use different languages within the Workbooks environment. Record names, field names, pick list values and other entities in Workbooks are translated in different languages, the language displayed to the user is based on their preference. Workbooks is shipped with English, English American, French, German and Spanish, more languages can be provided on request.	\$78 per annum \$6.50 per month
Audit Extension	The Audit extension audits every change to a record including changes to individual fields within a record. This enables you to see which changes a user has made to a record. The Audit module can also be used to track the status of a record as it moves through a life cycle. So you can for example, report on all cases which have been in a specific state for a time period. This is often used to track SLA metrics.	\$78 per annum \$6.50 per month
MODULES	MODULES CAN BE PURCHASED FOR USERS WHO NEED THEM	PRICE PER USER
Contract Management Module	Create contract records and raise cases against specific contracts and contract line items.	\$78 per annum \$6.50 per month
Workbooks Exchange Server Sync (WESS)	The Workbooks Exchange Server Sync synchronises emails, meetings, tasks and people between Microsoft Exchange and Workbooks.	\$78 per annum \$6.50 per month
Workbooks Outlook Connector (WOC)	A plug-in for Microsoft Outlook that allows you to synchronise contacts and tasks between Workbooks and Outlook and also enables you to share emails from Outlook into Workbooks with a single click.	\$78 per annum \$6.50 per month
Workbooks Mapping Module	The Workbooks Mapping Module allows you to plot records from within Workbooks on a map. You can change the view of a Workbooks grid to a map view and use the filtering capabilities to identify records you want to plot.	\$90 per annum \$7.50 per month
